

Introduction to QGIS

February 25, 2026

Room 1060, Alliant Energy Ag Innovation Lab
3800 University Blvd., Ames
8:30 a.m.–4:00 p.m.

Designed for people new to mapping tools, this workshop offers a guided introduction to QGIS, a free mapping platform used by governments, researchers, and nonprofits to visualize and communicate spatial data in ways tables alone cannot.

Workshop Highlights

- A guided, beginner-friendly introduction to QGIS, a free, open-source mapping tool
- Hands-on experience exploring and working with spatial data
- Learn how maps can be styled and organized to make information easier to understand
- Create simple maps you can share or print using real-world data
- The Unlocking the Power of Community Data: Intro to Tableau Public Workshop is the following day, February 26. The cost is \$200 per workshop, **or \$360 for those attending both.**
